

Jorge Luis Soltero Rivera

FRONTEND DEVELOPER

[HTTPS://WWW.JORGEJS.TECH/](https://www.jorgejs.tech/)

Personal profile

I am a systems engineer focused on frontend development although I also know about the backend and if the situation requires it, I can adapt to the change between technologies, I am currently improving my skills in web development but I am interested in focusing on mobile development with React native

Knowledge:

HTML, CSS, JavaScript, Git, React Native, Bootstrap, Responsive Design, Intersection Observer, Java, POO, C#, ASP .NET, MySQL, SQL Server, Stored Procedures
